**Attachments:** Kalamazoo - Congressional fact sheet MI - June 2013 - version sent to HQ July1.docx

Michael,

Jim is out this week so I can update the river portion of the write-up. The last congressional briefing paper I have for the site is from 2013 – see attached.

-Becky

Chiefs and Natalie,

Please see below a list of congressionals meeting soon with Mathy. We need by COB tomorrow briefing sheets on high visibility sites in their district. Any information on redevelopment is of particular interest.

Natalie,

I believe we have a spreadsheet that identifies the congressional district of our sites. Can you please find a list of sites in the districts below and share with all?

I have copied RPM for Chanute (Skimkus) and KZ (Upton) because I know these are high visibility sites for the districts of interest below.

Briefing papers should be provided to me and Tom by start of business tomorrow if possible.

Thanks.

Joan Tanaka

***On behalf of Jim Woolford...***

Dear Superfund Division Directors:

We're working with the OLEM front office to support Mathy as he prepares for an upcoming House Commerce Committee's Subcommittee on Environment and the Economy oversight hearing. One way we've been asked to help is through the provision of site-specific information, which, of course, we need your help to gather. Specifically, we're writing to ask that you identify for us:

- High visibility sites informed by the Subcommittee's membership (see list see below) and
- Sites that serve as good beneficial use examples.

In addition to the site name, please provide us with any existing fact sheets or short write ups. Please send this information to Lois Gartner by **C.O.B. Thursday, March 31**. If you have any questions in the interim, please have your staff contact Lois at: 703-603-8711 or at: [gartner.lois@epa.gov](mailto:gartner.lois@epa.gov).

Thank you in advance for your help-
